Enhance Your Stay in Krabi with Additional Privately Guided Sightseeing

Four Islands Half Day Luxury Longtail Private Tour

Krabi is renowned for its dramatic scenery of towering limestone cliffs and thick green jungle, in addition to its stunning beaches that stretch along the coastline and idyllic islands dotted across the Andaman Sea. This island-hopping expedition on a speedboat takes us to the region's tropical hot spots including Phra Nang Cave where fishermen come to present offerings in return for protection and a bountiful catch. We also head to the stunning beaches of Koh Poda, Koh Tub and Koh Kai (Chicken Island). We spend our day swimming the crystal-clear waters, relaxing on beaches lined with coconut palms and exploring the islands. Since the area is rich in a variety of corals and fish, we will also have the opportunity to observe the abundant marine life. A picnic lunch box is included and we enjoy this meal on Poda Island, as this has a larger beach area to eat, relax and enjoy a post-lunch swim. *Please note: Lunch is a mini buffet but when the weather is not suitable, a lunch box will be served.*

Hong Island + Picnic Lunch by Luxury Longtail Private Tour

Koh Hong, which means 'room island' in Thai, is a unique destination. In keeping with Krabi's dramatic land and seascape of sheer limestone cliffs and thick green jungle, Koh Hong resembles a room thanks to cliffs that form a semicircle-shaped island that enclose a secret lagoon. This stunning desert island is protected by the National Marine Park and is known for its breathtaking beauty, shallow coral reefs and fine sandy beaches. Its clear and emerald sea varies in tone depending on the depth of the water and the time of the day, which adds to the charm of this destination. We can search for monitor lizards, exotic birds and even white-faced gibbons and enjoy pursuits such as snorkeling, swimming and beach lounging. A picnic box lunch is included.

Phi Phi Island by Luxury Speedboat Private Full Day Tour

Embark on a luxurious day trip from Krabi to the Phi Phi Islands aboard a private speedboat. Your day begins with a transfer to the pier before cruising to Bamboo Island, a little-visited tropical island. Next, head to Phi Phi Leh, arriving early at the iconic Maya Bay. Afterwards swim in the crystal-clear waters of Pileh Lagoon and snorkel among vibrant coral reefs. Cruise past Viking Cave and stop at Monkey Beach for wildlife spotting. Enjoy a gourmet beachside lunch at a 5-star resort on Phi Phi Don, featuring fresh seafood and tropical fruits, with wine or cocktails. After lunch, relax on a secluded beach, snorkel in Coral Bay, or opt for a Thai beach massage. On the return journey, sip champagne while watching the sunset. The trip concludes with a cool-down at the VIP pier lounge and a private transfer back to your hotel—an unforgettable blend of adventure, comfort, and indulgence in paradise.

Krabi Local Life Private Half Day Tour

This tour takes us on a journey away from Krabi’s tourist hotspots travelling south to some lesser trodden destinations. Here we will visit a local community where the region’s famous cashew nuts are produced. Next, we hop on a local long-tail boat to enjoy a 20-minute sightseeing cruise among beautiful scenery, before moving onto our next mode of transport, a samlor which is a typical Krabi mode of transportation, to Koh Klang. This small fishing island is set among mangrove forests and gives us a taste of local life. We will enjoy lunch in a floating restaurant before a short long-tail boat ride takes us back to Krabi Town.

Wellness In The Jungle Private Full Day Tour

Krabi in southern Thailand is known for its stunning scenery of sheer limestone cliffs, pristine beaches and offshore islands. A signature wellness package is the ultimate way to enjoy a day in this idyllic province. The venue is Wareerak Hot Spring and Wellness, a spa set in a lush jungle setting. The treatment includes a traditional Thai massage. The excursion commences with collection from hotels, or Krabi International Airport (depending on individual itineraries). We then visit a coconut plantation and get an insight into the cultivation of this delicious nut, including tasting it at source – it doesn’t get much fresher than this! We also see how local people make products from coconut shells at a workshop. A Thai set lunch is served at the spa, followed by the start of the wellness program. This includes a hydrotherapy session in hot and cold pools, an aqua Thai yoga stretch, a neck and shoulder massage applied with a herbal compress and a refreshing fresh coconut juice. We are then conveyed back to hotels, rejuvenated by this relaxing experience.
